

## **Current Calgary Science School Vision and Mission**

*From 2007/8-2010/11 Education Plan*

### **Vision**

*CSS Vision is: to be leaders in the development and sharing of innovative inquiry-based learning practices.*

### **Mission**

*The CSS mission is: to improve student learning by providing a special focus on science and mathematics in an environment where learners strive to become ethical leaders who find motivation and excitement in discovering and forging connections within and among the sciences, mathematics, the arts and the humanities.*

## **Proposed Calgary Science School Vision and Mission**

*From Charter Renewal Application*

### **Vision**

*The Calgary Science School will inspire passion and innovation within an active inquiry-based learning community by bringing learning to life and life to learning.*

### **Mission**

*The Calgary Science School will provide its students the opportunity to experience inquiry-based learning within an environment of mutual respect. We will do so by using 1) technology; 2) outdoor education, 3) the sciences; and, 4) authentic research experiences for staff and students to enhance learning in the middle school core and extra-curricular programs.*
